FOR IMPROVEMENTS

HANAMO TELEPHONE CO. TO MAKE A NUMBER OF THEM.

UNDERGROUND SYSTEM

Underground Conduit to Be Constructed in the Fire Districts of City by That Telephone Co.

In order to take care of their increasing business, which has outgrown their outside construction in certain parts of the city, the Hanamo Telephone company finds it necessary to construct new leads to replace the present ones, and they state they are going to follow out the policy planned some two years ago, when they laid their first conduits north from their office. This policy was to eventually enclose all of their cables in conduits underneath the ground within the fire limits, which is the best known method of telephone construction, preventing the crippling of their system by fires, wind and sleet storms, lightning, electric light wires, etc., all of which are very disastrous to the aerial construction.

Among the improvements to be made this year, will be the construction of an underground conduit system from their office down the alley to the south side of First street, which, together with the underground conduits already installed, will protect all of their largest and heaviest cables or main trunk leads into their office, and will furnish the Hanamo Telephone company with much stronger fortification against storms, etc., than any other telephone system in our city.

They are also to build an entirely new cable lead from their office west to the old Seminary building, thus dispensing with their old and unsightly wires in that direction.

In addition to this construction in town, they will build a new toll line east to Bedison, Conception and Clyde, which will increase their capacity for handling business to points east, and they will spend several hundred dollars for central office equipment.

The materials for the above improvements are now arriving, the second car load of poles being received last week. The conduits are expected next week, and the cable will arrive by the time the conduits are completed.

In making these improvements this company has evidently taken public welfare into consideration, as well as their own, since underground construction better protects the subscribers, increases the beauty of our city streets, and affords more space for traffic in our narrow alleys by avoiding the use of unsightly poles in the business district. Very few companies install their wires underground unless compelled to do so by the city.

CHOSEN AS DOMESTIC SCIENCE TEACHER

The school board has selected Miss Dora Carpenter of this city as domestic science teacher in the high school to fill the place of Miss Elsie Liggett of Stanberry, who resigned. Miss Liggett has accepted a position in the schools in some town in New Mexico for the coming year.

To Visit Father in Texas.

Mrs. George Pat Wright and her sister, Mrs. John Gex of near Graham will leave Tuesday for a several weeks' visit in Texas and at Kingfisher, Okla. Near Higgins, Texas, their father, W. G. Wilson, has a large ranch and they are to visit with him.

School Time is Nearly Here

WEATHER STATISTICS FOR MONTH OF AUGUST

The rainfall for the four months of the crop season, May, June, July and August, was 10.07 inches, as against 12.08 inches in 1910. These four months were the driest since the record of the weather has been kept here, with the exception of 1884, when the rainfall for these months was only 6.78 inches. In 1910, for these four months the rainfall was 12.08; in 1909 it was 24.30, and in 1908 it was 31.20, the wettest year since the record has been kept in Maryville.

The precipitation for the month just past was 2.86, July 3.37, June 1.03, and May 2.81. The warmest day in August was on August 16, when it reached a temperature of 101, and the coolest day was on August 29, when it was 49.

Saturday night a nice rain fell in Maryville, and according to Weather Observer Brink the precipitation was .42 on an inch.

ONLY SERVICE FOR FIVE HOURS DURING DAY

The water service was shut off Saturday night and only partial service has been given since that time. Manager Roseberry announced Monday morning that the service would be on in the day time from 7 to 9 o'clock in the morning, from 11 to 12 o'clock at noon, and in the evening from 5 to 7 o'clock. Unless rain is had soon the city will be out of the twenty-four hour service, according to Mr. Roseberry.

Enough water is on hand at present for fire protection.

The reason for the water being shut off a greater part of the day is on account of the low condition of the river, since we have had no rains for some time. The supply now on hand is none too large for the safety of the city. The water company has several men working up the river to see if water can be secured to flow down the stream.

The second well which the water company started on last week was dug to a depth of twenty-three feet, when they struck a rock, as they did in the first well. The quality of the water in the second well was much better and did not show the mineral qualities like the first one did.

RETURNED FROM IOWA STATE FAIR

George A. Pickens and son, Verne Pickens, returned Sunday from Des Moines, Ia., where they have been attending the Iowa state fair. The Free Light Acetylene Light plant of this city had an exhibit at the fair, and Mr. Pickens was in charge of it.

MRS. CORE WILL SAIL SOON FOR INDIA

Mrs. L. A. Core and her three little girls, Catherine, Carroll and Helena, of Lucknow, India, who have been in the city several days, guests at the home of Mrs. Core's sister-in-law, Mrs. O. P. Wade, left Monday morning for Los Angeles, Cal., where Mrs. Core's mother, Mrs. Kennedy, resides. The little girls will remain in Los Angeles in the care of their grandmother to be educated. Mrs. Core and her husband have been missionaries in India for a number of years. Rev. Dr. Core is president of the Methodist college at Lucknow, and Mrs. Core will sail from San Francisco soon for their home in India.

BACK FROM AN AUTO TRIP TO COLORADO

Mr. and Mrs. J. S. Carden and their nephew, Harry Morris, and Mr. and Mrs. Elmer Owens, living west of Maryville, returned Saturday from a six weeks' trip in the Carden car to Colorado. They traveled a distance of 2,174 miles and did not meet with an accident of any kind. The roads were in fine condition all the way, excepting three counties on the road leading to Norton, Kan., where a three inch rain had fallen. They were not interrupted by a rain or storm on their entire trip except at Norton. They visited Colorado Springs, Pueblo, and Denver, and are delighted with their trip.

AT BATTLE OF SHILOH PARVIN RETURNED

"TIP" CALLAWAY OF QUITMAN TOOK PART IN THAT BATTLE.

TELLS ABOUT BATTLE CHURCH REQUESTED IT

To a St. Joseph Newspaper—Callaway Well Known in Western Part of the County.

The following was in Monday's St. Joseph Gazette about "Tip" Callaway of Quitman, this county, who is well known in the western part of the county:

Although both had fought in the northern army at the battle of Shiloh, one of the most desperate of the civil war, nearly half a century ago, Irving G. McMinde, of 2517 North Fourth street, and Albert L. Callaway of Quitman, Mo., had not seen each other until they met here Friday.

Mr. Callaway, known widely as "Tip" Callaway, is the guest of Mr. and Mrs. L. C. Bowen of 403 Hamburg avenue. Mrs. Bowen is his daughter. Immediately north of the Bowen home is that of Ellis Swayze, where Mr. McMinde lives. Mrs. Swayze is his daughter.

The two veterans, Callaway, aged 71 years, and his comrade, aged 75, yesterday morning recounted some of the interesting sights and experiences of war times.

Callaway was a member of the Eighteenth Illinois infantry and McMinde was a member of the Twenty-fifth Missouri infantry and went to the war from St. Joseph.

At Shiloh both regiments saw desperate fighting. The battle took place April 6 and 7, 1862, and ten thousand men were left on the field.

"At the battle of Shiloh we saw piles of arms and legs as big as an ordinary haystack," said Callaway.

"Yes, I remember seeing the doctors pile up the arms and legs when they cut them off," said his comrade. "I saw a pile as big as a haystack."

Both the veterans bear marks of the war. Callaway still has powder burns in his face, caused by the explosion of a shell which destroyed his ear drum and his hearing for some time. For forty-one years McMinde carried an ounce ball in his left shoulder. It worked up toward his neck and he exhibited the scar where it was cut out a few years since.

Following Shiloh both veterans were at Vicksburg and took part in a number of battles. Callaway continued in the south for the remainder of the war. He had many thrilling experiences and fought around Mobile and other places and once was all but shipwrecked, it being necessary to throw 125 horses and mules overboard to save the ship. He was sent to Brownsville and was there mustered out April 6, 1866, being one of the very last men to leave the army. McMinde returned to St. Joseph, helped organize a company at Savannah and again started for the south. There were about 800 soldiers who got as far as Lexington in boats on the Missouri river.

"A lot of Johnnies captured us there after we had lost about 100 men," he said. "They took away our hats and shoes and ammunition and our supplies and turned us loose. They burned the boats, also. They did give up a barrel of flour and the boys each got a handful, wet it in the Missouri river, put it on a stick and baked it in a fire. I have seen the time, when I had the money, that I would gladly have given \$5 for an ear of corn."

"Yes, and I've seen the time and so have you," said his comrade, "when we would gladly have given \$1,000 for a bale of hay to roll before us in battle."

Returned from Colorado.

Mrs. Hosea Torrance and granddaughter, Miss Mary Woodbridge, returned Saturday from a summer's visit at Hugo, Col., with the latter's father, Edward Woodbridge, and brother, Donald Woodbridge.

Returned from Wyoming.

Mrs. B. C. Halley and daughter, Miss Lois Halley, returned Monday noon from a three weeks' visit at Sheridan, Wyo., with Mrs. Halley's son and his wife, Mr. and Mrs. Gilbert Halley.

Mrs. W. W. Stiwalt and little daughters went to St. Joseph Monday to visit her sister, Mrs. E. F. Saxton.

Fine watch and jewelry repaired at Crane's.

PASTOR OF M. E. CHURCH, SOUTH, APPOINTED FOR ANOTHER YEAR.

CHURCH REQUESTED IT

Church Has Made Great Strides Under His Pastorate and Members Wanted Him Back.

Word was received in Maryville this afternoon that Rev. W. J. Parvin, who has been pastor of the M. E. church, South, of this city, had been returned to Maryville for another year by the South Methodist conference, which has been in session at Columbia the past week. The appointments were made Monday.

The news of Rev. Parvin's return to this city will be well received. He has been here for the past three years, and the church has made wonderful progress under his pastorate. The members of the church were demanding that he be returned another year.

Rev. Parvin will arrive home from Columbia this evening or Tuesday morning.

TO OPEN WEDNESDAY

THE FALL TERM OF THE STATE NORMAL SCHOOL.

A LARGE ENROLLMENT

Is Expected by President Taylor and Everything is Ready for the Opening of the Term.

The opening of the fall session of the Normal this next Wednesday will be vastly different from that of a year ago. It will be remembered that last September the Normal building was still uncompleted, and for several weeks school was carried on under the difficulties made by lack of room. And then when the time came to move it rained, and the mud grew deep, and there was no walk to walk upon. Then for weeks after moving work kept on, and there was noise and dirt and piles of boxes, steel and lumber in the halls, around which the students had to pick their way in order to reach their class rooms.

Now everything is different. The building is all ready for its occupants and the only work which is being done to put it in final spick and span condition is the sweeping, mopping and dusting. All of the faculty members who went away on vacations have returned, and all are ready for the year's work to begin.

Prof. John A. Lesh, from the state normal school at Indiana, Pa., will be the only addition to the faculty this fall. He has the departments of history and geography, and is exceptionally well prepared to handle his subjects. He is a Harvard and Columbia university man, having taken a special history course in Harvard, and is now working for his Ph. D. degree in Columbia.

With this addition and those made at the beginning of the summer term, the faculty is now enlarged so that each department has its own head, especially fitted for the work.

All of this, together with much new equipment, puts the school in a better condition than it has ever been.

The principal new feature of this year's work will be the common school certificate course, which has never been offered before. Graduates of country and grade schools may enter this department and in six quarters receive a certificate granting them a license to teach two years in the schools of the state. At least two quarters must be residence work, and no one under 18 years of age will be granted a certificate.

The Normal boarding house, the Maplehurst, will be taken over and run by Mrs. Winnie Woodard this year, and it will be open for boarders Wednesday, September 6. The students are already beginning to come in and this year promises to be a record breaking one.

Returned from Topeka.

Little Miss Nona Willets returned Monday from Topeka, Kan., where she spent the summer with relatives and visited a week in St. Joseph. She makes her home with her grandparents, Mr. and Mrs. Thomas Martin, at 408 West Fifth street, and attends the Normal Training school.

POLITICAL NOTES.

(By Democratic Publicity Bureau.)
In a well written editorial the Republic calls attention to the fact that the so-called "State Highway" is merely a fiction of Governor Hadley's and the state board of agriculture. Nobody has any authority to locate a "state highway," and there is no money to build it. There is nothing to it but the name and even that is a bastard.

All grades of sugar advanced 10 cents per 100 pounds on the adjournment of congress. A year ago you could buy twenty pounds of granulated sugar for \$1.00. Now fifteen or sixteen is all you get for your "cart-wheel," and the price still going up. The presidential veto is a great booster of trust manufactured products protected by an infamous tariff.

Senator Bristow of Kansas says that he is not for the renomination of Taft. Among other reasons appears this one: "The president's language in vetoing the resolution admitting Arizona and New Mexico into the Union under the constitutions they had formed clearly indicates that he and I differ very widely as to our views of the American people as a whole. I do not believe that they constitute an irresponsible mob that cannot be trusted with political power. It would be a mighty good thing if a number of federal judges could be recalled."

But all the same the federal office holders will see to it that Taft is the nominee of the party of the trusts.

Replying to the president's charge that the Democrats in congress "played politics," Champ Clark says: "The only politics we played was to keep faith with the people and redeem our election promises." It is really unfortunate that President Taft and the standpat Republican congress did not see fit to "play" the same kind of "politics" two years ago.—Kansas City Times (Rep.).

There is nothing doing yet in regard to the appointment of the four commissioners who are to build the state capitol, Judge Cowgill only returning home this week. So far as known only one of the members of the board of permanent seat of government has indicated a choice as yet.—Governor H. S. Hadley is said to favor Henry Kiel of St. Louis as one of the commissioners.

Mrs. F. I. Dunn went to Bolckow Saturday morning to spend a few days at her home.

Charles Hyslop returned Saturday morning from a week's visit at Carthage, Ill., with Mrs. Hyslop and her aged mother.

CROP OUTLOOK IS MUCH BRIGHTER

The following crop report was issued today from the office of T. C. Wilson, secretary of the Missouri state board of agriculture at Columbia:

Rainfall throughout almost the entire state has greatly improved conditions since the last monthly report, so that most crop correspondents speak hopefully of the outlook, such expressions as: "Wonderful improvement," "A real resurrection," "Almost a miracle," and "A far rosier outlook" are not uncommon. As one report will express it, "Missouri has shown that she can come back."

However, conditions are not all that might be wished for. A few counties, especially in the central section, are in need of more rain, while excessive rains and consequent floods have occasioned considerable loss in several counties in the southeast and southwest sections. Marked extremes in temperatures were recorded in the month, ranging from more than 100 degrees August 9 and 40 to 50 degrees August 29 and 30.

Corn—Condition of corn for the state is placed at 71, a gain of 9.8 points for August. One year ago it was 82, and ten years ago (1901) only 27. Quality of corn will be below average. There is considerable complaint of wormy corn, and with early frosts much will fall to mature. It is estimated that 54 per cent of the crop will be cut.

Wheat—Average to be seeded to wheat is estimated at 106.4 per cent as compared with 1,881,000 acres seeded in the fall of 1910. Should sufficient rainfall follow at once in those counties where much plowing has been suspended on account of ground being too hard to break, the final report may show a further increase in acreage. It is estimated that 66 per cent of the wheat land has been plowed.

His Daughter Better.

Harry Culbertson of Arkoe spent Saturday and Sunday in Maryville with his wife and little daughter, Helen, who are at the home of Mrs. Culbertson's uncle, Thomas Hutchison, on West Twelfth street. The little girl was brought to Maryville for medical treatment Friday morning, on the advice of her physician, Dr. K. C. Cummins. She has been sick for some time, but is improving nicely now. Mr. Culbertson returned home Monday. He has charge of the Stundon place this year and says the crop prospects for that community are excellent.

Mr. and Mrs. Frank Ewing and daughter visited in Hopkins over Sunday with his parents, Captain and Mrs. Ewing.

Miss Lela Stundon returned Saturday from a visit with her grandfather, John Stundon, Sr., and other relatives near Arkoe.

Miss Maybird Parish is a new employe of the Alderman Dry goods store.

Mr. and Mrs. W. A. Mound left Monday for Winterset, Ia., to visit friends and relatives.

Mrs. Charles Gittings of Clyde was shopping in Maryville Monday.

OPPORTUNITY.

Master of human destinies am I;
Fame, love and fortune on my footsteps wait;
Cities and fields I walk; I penetrate
Deserts and seas remote, and passing by
Hovel and mart and palace, soon or late
I knock unbidden once at every gate.
If sleeping, wake; if feasting, rise
before I turn away—
It is the hour of fate,
And they who follow me reach every state
Mortals desire, and conquer every foe
Save death; but those who doubt or hesitate,
Condemned to failure, penury and woe,
Seek me in vain and uselessly implore.
I answer not and I return no more.

Necessity.

Necessity is cruel, but it is the only test of inward strength. Every fool can live according to his own likings.

SAGE TEA WILL DARKEN THE HAIR

Restore Faded and Gray Hair to Natural Color—Dandruff Quickly Removed.

There is nothing new about the idea of using sage for restoring the color of the hair. Our great-grandmothers kept their locks soft, dark and glossy by using a "sage tea." Whenever their hair fell out or took on a dull, faded or streaked appearance they made a brew of sage leaves and applied it to their hair, with wonderfully beneficial effect.

Nowadays we don't have to resort to old-time, tiresome methods of gathering the herbs and making the tea. This is done by skillful chemists better than we could do it ourselves, and all we have to do is to call for the ready-made product, Wyeth's Sage and Sulphur Hair Remedy, containing sage in the proper strength, with the addition of sulphur, another old-time scalp remedy.

The manufacturers of this remedy authorize druggists to sell it under guarantee that the money will be refunded if it fails to do exactly as represented.

Don't neglect your hair. Get a bottle of Wyeth's Sage and Sulphur today, and notice the difference after a few days' use.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists. Special agents, Koch Pharmacy.

CURED TO STAY CURED.

How a Maryville Citizen Found Complete Freedom From Kidney Troubles.

If you suffer from backache—From urinary disorders—From any disease of the kidneys, Be cured to stay cured. Doan's Kidney Pills make lasting cures.

Maryville people testify.
Here's one case of it:
I. M. Woods, East Jenkins street Maryville, Mo., says: "For some time kidney trouble had been lurking in my system, and although it did not bother me to any extent, I could see that the attacks were becoming more frequent and severe. Finally my kidneys became so badly disordered that I was obliged to seek relief. The kidney secretions were unnatural and so irregular in passage as to annoy me greatly. I also had a pain in my back as could hardly stoop. Dizzy spells at headaches were common, and I was in a miserable condition when I learned of Doan's Kidney Pills. I began the use, and after I had taken the contents of three boxes I was free from kidney trouble."—(Statement given 1901.)

Time is the Test.

On September 19, 1908, Mr. Woods added to the above: "The cure Doan's Kidney Pills effected in my case several years ago has been permanent. I am glad to again recommend this splendid remedy."

MRS. TARPLEY'S SISTER DIED SUNDAY NOON

Mrs. J. H. Tarpley received a telegram Sunday night from Walter, Okla., conveying the news of the death of her sister, Mrs. Lillie O. Carpenter who died Sunday noon. The body will be brought to Burlington Junction for burial.

Mrs. Carpenter formerly lived at Burlington Junction. Her maiden name was Miss Lillie Jones. Her family had lived in Oklahoma several years. She leaves a husband, two daughters and a son. Her mother, Mrs. Elizabeth Jones, Mrs. Jennie Albright, a sister, and a niece, Mrs. Erma Powers, all of Wetmore, Kan., were in Maryville when the news was received. The Kansas visitors have been here several days on a visit to relatives.

Daughter Will Attend Normal.

Mrs. R. C. Benight of St. Joseph was in Maryville Friday and Saturday making arrangements for her daughter, Miss Cecil Benight, to enter the Northwest Normal. Mrs. Benight was the guest of Mr. Benight's cousin, Mrs. J. A. Ford, while in the city.

Miss Benight will make her home with Mr. and Mrs. F. M. Petty while in the city. Accompanying her will be Miss Ferrell Bilby, daughter of Mr. and Mrs. Russell I. Bilby of Quitman. Miss Benight and Miss Bilby have been roommates for two years at the Baptist Ladies' college at Liberty, Mo., Miss Benight graduating in music from that institution in June last. She is a graduate of the St. Joseph high school and will be a senior at the Northwest Normal.

Will Keep Mrs. Leake Home.

Miss Katharine Helwig of the State Normal faculty and her mother, Mrs. S. A. Helwig, arrived in Maryville Monday noon from their home in Trenton, Mo., and will make this city their home the coming school year. They will have charge of the home of Mrs. Emma G. Leake, formerly of the department of pedagogy of the Normal, who will leave soon for New York City, where she will study at Columbia for a year.

Mrs. Lillie Prince of Savannah was the guest of Mrs. J. D. Vert of North Market street Saturday afternoon.

Concerning Prejudice.

There are three popular beliefs which rise like mountain chains across the trail of progress. The first and most rock-ribbed is the belief that things are sacred because they are old, or, conversely, that things are dangerous because they are new.

The second is the belief that the "submerged tenth" wants to be submerged; that it enjoys dark rooms and revels in filthy alleys; that it glows over insanitary plumbing and thrives upon malnutrition.

The third, no less preposterous, is the belief that the "submerged tenth" is submerged because it is degenerate; that the very fact of remaining submerged is proof conclusive of innate incapacity for improvement.—Scott Nearing in Everybody's.

The Lost Track.

"Mother, Mother," called a clever little lad of 5, rushing into the house bearing a horseshoe. "Just see here, won't you? Some poor horse lost his track and I found it and picked it up!"—Chicago Record-Herald.

ADVISORY BOARD

MEETING CALLED

Action Looking Toward Strike of Shopmen Deferred Till Friday.

San Francisco, Sept. 4.—All action toward the calling of a strike of the shop employees of the Harriman lines as a result of the refusal of the railroads to recognize the federation of shop employees has been deferred until next Friday, and the representatives of the shop crafts who were present at the conference with Vice President Kruttschnitt of the Harriman lines express the hope that a strike will be averted.

A meeting of the advisory board of the Federated Shop Employees of the Harriman lines has been called to convene in San Francisco next Friday. The board comprises thirty-five members, representing the shop employees of all the important lines of the Harriman roads.

Until the arrival of the members of this board the international presidents of the five shop crafts who are now in San Francisco will take no official action. They attended Labor day celebrations throughout the state and will not return here until Friday.

No Answer to Letters.

Chicago, Sept. 4.—Letters sent by representatives of the unions composing the federated shop employees to President Markham of the Illinois Central railroad, seeking another conference tomorrow, were not answered by the railroad officer. The letters set forth that an answer is desired by tomorrow morning. The union men say they have complied with the technicality requiring thirty days' notice to cancel existing contracts with the road. They maintain that should President Markham ignore their request for another conference they would not consider themselves bound to wait until the end of September to take whatever action may be decided on.

REGISTRATION IS ORDERLY

Total of 21,000 Names Listed for Drawings Sept. 6.

Minot, N. D., Sept. 4.—What is declared by Judge James H. Whitten, in charge for the government, to be one of the most orderly registrations ever conducted by the United States government, closed at midnight, when it was announced that no more applications for homesteads in the Berthold Indian reservation is received.

The total registration is approximately 21,000, of whom 12,600 registered at Minot, the government headquarters. Judge Whitten announced that 6,000 names would be drawn on Sept. 6. The drawing will continue three days.

Former Senator Mills Dead.

Coriscana, Tex., Sept. 4.—Former United States Senator Roger Q. Mills of Texas died at his home here. Senator Mills was born in Todd county, Kentucky, seventy-nine years ago. His congressional career began in 1872 as representative at large from Texas. He was elected United States senator in 1892, serving until 1899, when he resigned.

Aged Man Foils Burglars.

Springfield, Ill., Sept. 4.—Wooda Stevens, eighty years old, frustrated an attempt to blow the safe in the postoffice at Edinburg. In a hail of bullets from the weapons of two burglars, he rushed into the place and extinguished a fuse connected with a powder charge under the safe. Two suspects later were jailed at Taylorville.

Read What King Solomon the Wise Said

THEN READ WHAT BERNEY HARRIS SAYS, HE WANTS TO PUT YOU WISE
These Are Four Things Too Wonderful For Me

1st. The way of an Eagle in the Air.

2nd. The way of a Serpent upon a Rock.

3rd. The way of a Ship in the midst of a Sea.

4th. The way of a Man with a Maid.

Now Berney Harris, Maryville's Leading Clothier, says that were King Solomon living today he would add to his wonders

5th. The way some counties can be humbugged by the "Professional Fake Sales Managers" that drops into town from "Chicago, New York or other large city to put on Special Sale for some local merchant, enabling the merchant to unload his hard or damaged stock on the sucker that bites and adding to the price ten per cent commission which he secures for conducting such sales, also the additional clerk hire and advertising costs—The merchant can't afford in addition to his regular running expenses to pay the additional ten to fifteen per cent—hence it is added to the price and the buyer foots the bill, but he does not realize it until he gets it home.

Right now Berney Harris warns the people of Maryville and Nodaway County that a "fake sale" giving "fake reasons" and "fake values" is about to be drawn off in Maryville. So as you won't get fooled recollect, a fakir never uses the same name, nor gives the same reasons, in in the same town twice, but it is always the "Same Old Wolf masquerading in Sheep's Clothes" to fleece you out of your money.

Sometimes they head their newspaper ads or their street dodgers with such sensational headings as

"Forced to the wall." "Creditors clamoring for their money." "Partner retiring, must raise money to pay him out." "Firm has changed hands, new partner must reduce stock to pay off old firm." or "Closed to inventory to mark down prices," or some other fake headlines. As a rule they like to use a local merchant's name, but if he objects they conduct the sale under some other person or company's name.

These professional Sales Managers and the merchants who hire them believe that a "Sucker is born every minute."

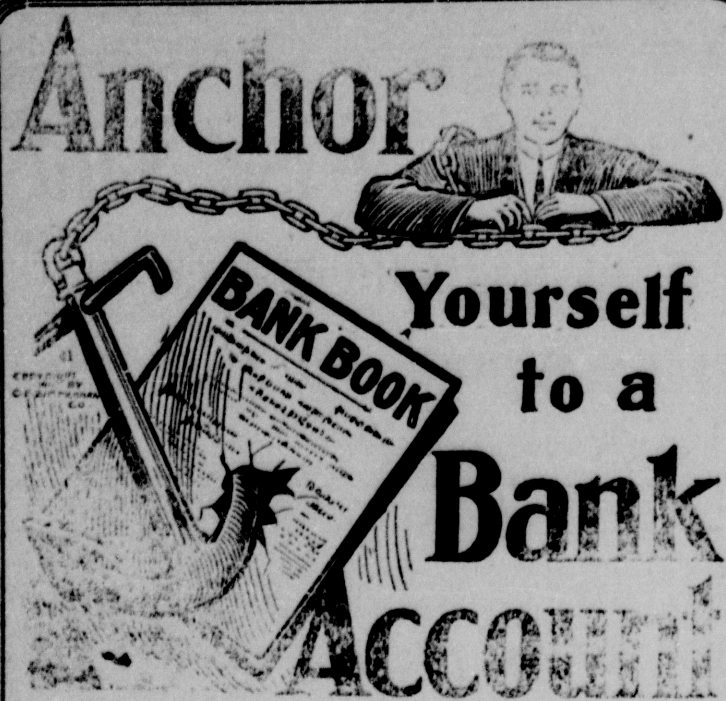

Berney Harris believes that such fake sales are an insult to the intelligence of the people of Nodaway county, and not only are the Managers and Merchants conducting them but every man who accepts temporary employment during such sales is "tainted" by the pay he receives for helping to humbug his friends or neighbors.

The people of Maryville generally get wise after the first day, but those living in the adjoining towns or rural districts don't catch on to the fake values until the last day of the sale. "Forewarned ought to make you Forearmed".

In the meantime should you want to buy your New Fall Overcoat, Suits, Hats, Shirts, Underwear, Hosiery or Shoes, my entire Fall Stock has arrived and never before have I shown a more complete assortment of New and "Nifty Styles" as I now offer you—and priced as low as good merchandise can be.

GENERAL REYES STONED BY MOB

Aged Mexican Statesman Made Sport of by Jeering Crowd.

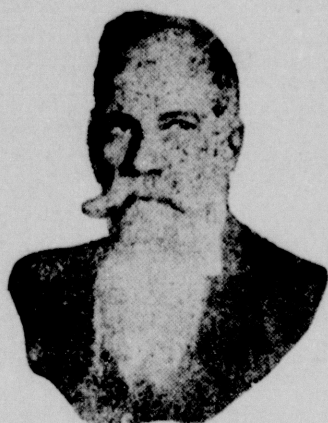

ENDEAVORS TO MAKE ADDRESS

Rocks Showered Upon Him While Standing in Balcony in Heart of Capital of Country—Many Reach Mark and He is Forced to Escape.

Mexico City, Sept. 4.—Stoned and forcibly robbed of 3,000 pesos by a mob of Maderistas in the principal thoroughfare of the capital, General Bernardo Reyes, candidate for the presidency in opposition to Francisco I. Madero, was forced to abandon an effort to address his constituents and to run the gauntlet of a jeering crowd, upon whom the police had received orders not to fire except as a last resort.

Repeatedly the police charged the turbulent element, however, and the records of the Red Cross account for forty-three wounded as a result of the day's disorders. Most of these were injured by stones, but many show bruises and gashes made by the sabers of the mounted police.

The stoning of the aged general was the climax of a riot that began about 9 a. m. Since its beginning police and soldiers have patrolled the streets, but because of the government's desire not to use the iron hand, the heavily armed horsemen had but an intimidatory effect upon the rabble.

GENERAL BERNARDO REYES.

Placing their faith in the word of the government that equal guarantees would be given all parties in the campaign and trusting Madero's word that he would welcome honest opposition the backers of Reyes called an open air meeting. It was announced General Reyes would make his initial speech of the campaign. Groups of Maderistas formed in various parts of the city and threats to interfere with the meeting were heard. The partisans of Reyes began gathering and the two elements clashed near the western end of the Alameda. Near this turbulent scene, Reyes, his son, Rodolfo, and a group of party leaders drove in an automobile. Far outnumbering his supporters, the Maderistas crowded about his machine, making difficult further progress. Stepping from his car, the general rebuked the mob for its conduct, but his words provoked louder jeers, supplemented by a rain of stones and other missiles. The automobile was abandoned and the occupants walked the length of the Alameda to the center of the disturbance, the rowdies following and throwing stones. Mounted police rode their horses into the center of the mob, which gave way before them.

Entering a building facing the theater, Reyes and his escorts went to the second story, from where Reyes stepped onto a balcony with the intention of addressing the crowd.

Such was the disorder, however, that Reyes' escort attempted to dissuade him from making the effort. The old man would not be deterred and raised his hand for silence. Instead the tumult grew and chunks of marble and rocks, gathered from the ground about the new theater, were hurled at the white-haired figure. A number reached their mark and yet Reyes stood, despite the efforts of his son to induce him to seek shelter. For twenty minutes he remained there, dodging missiles. The police drew their sabers and charged the crowd.

GOVERNOR DENEEN INJURED

Seeing Auto Was Going to Strike Carriage He Tried to Prevent It.

Springfield, Ill., Sept. 4.—In an attempt to prevent a collision between his automobile and a two-seated conveyance near Glenarm, Governor C. S. Deneen was seriously injured when he fell, breaking both bones of his left ankle. The governor, seeing that a collision was unavoidable, sprang on the running board of the machine in which he was riding to grasp the bridle of the horses. He fell with his left leg doubled under him. He was hurried to the city and is confined in his room in the executive mansion. His doctors say the governor will be unable to leave the room for six weeks.

St. Louis Man Kills Self.

New York, Sept. 4.—D. E. Garrison of St. Louis, vice president of the Corrugated Bar company of that city, committed suicide at the Waldorf Astoria by shooting himself through the head. His health is said to have been the cause.

TWO AVIATORS DIE IN FLIGHTS

Lieutenant de Gailly Burns to Death in Midair.

ANOTHER FRENCHMAN KILLED.

Captain de Camine Falls With Broken Aeroplane—Fuel Tank Blows Up When Military Aviator Is Making Flight Near Troyes, France.

Paris, Sept. 4.—Two of the leading aviators of the French army were killed while making long distance flights. They are Lieutenant Jacques de Gailly and Captain de Camine. They, with six other army aviators, had left Buc in aeroplanes for the maneuvers of the Seventh army corps near Chalons-sur-Marne.

The death of Gailly was a terrible example of the irony of fate. He long has been doing service in the development of the army aeroplane and received his reward by being mentioned in the Official Gazette for distinguished services and assigned to special duty.

Gailly was burned to death while in midair. His machine caught fire while he was high in the air. It fell rapidly and landed near Troyes. When the first persons arrived at the wreck of the machine they found the body of Gailly, burned almost beyond recognition, seated behind the steering gear. The disaster probably was caused by the explosion of the fuel tank, the burning fluid being scattered all over the machine.

The death of Captain de Camine was caused by the breaking of his aeroplane. The accident occurred while de Camine was flying at a height of 600 feet. The right wing of the aeroplane became detached and the machine, weighing 1,200 pounds, plunged downward and landed in a ditch. The aviator struck the ground with his head, which was crushed in. He was killed instantly.

TWELVE HURT IN WRECK

Switch Accidentally Turned Details Two Cars at Kersey, Colo.

Omaha, Sept. 4.—Two rear cars on Union Pacific train No. 14 were derailed at Kersey, Colo., when a mail clerk accidentally threw a switch by striking a switch arm with a mail sack, and as a result twelve persons were badly shaken up or seriously bruised. Miss Ruth Wallace of Council Bluffs, Ia., was the most painfully injured of any, she receiving a fractured wrist when thrown from her chair.

The train had just pulled into Kersey and one of the mail clerks was throwing off the mail. As he threw the last sack, it in some manner struck the switch, leaving half the train on one track and half headed in another direction. As the train started up the last two cars were ditched, and nearly everyone in the cars received hurts, most of which were minor ones.

FARMERS MUST ORGANIZE

Governor Wilson Says Rural Americans Are Not Helping Themselves.

New York, Sept. 4.—The American farmer is not helping himself as much as he might and as much as the farmers of many other countries are helping themselves, according to the opinion voiced by Governor Woodrow Wilson of New Jersey in a speech delivered at the Staten Island county fair. Governor Wilson suggested as a remedy a closer co-operation among American farmers, using the country church as a medium for bringing this about. He added:

"Now the moment the farmers of a community begin to draw together they will form associations to study the methods of production, and form a kind of association by which they can all unite in discovering the best markets for their products. The problem of all life is to get everybody voluntarily to act in the common interest."

HIGH LIFE IN MINNEAPOLIS

Police Find Palatial Gambling House Patronized Exclusively by Women.

Minneapolis, Sept. 4.—A palatial gambling house, patronized exclusively by women in the higher walks of life and operated by a woman, has been in operation in Minneapolis for weeks. The police say the rooms contain two dozen tables. The place was handsomely furnished and luncheon was served. It was in Nicollet avenue, the chief commercial street of the city. Every afternoon a string of automobiles lined up in front.

Following complaints of husbands that their wives were losing money there, the woman operator of the establishment was summoned to police headquarters. She was allowed her freedom on her promise to suspend operations.

Farmer Killed in Race Riot.

Durant, Okla., Sept. 4.—Horace Gribble, a white farmer, was killed in a battle between five white men and five negroes near Caddo. The white men declare they were fired upon while passing the home of a negro named Daniels, while the negroes say the white men threw a stick of dynamite at the house and then commenced firing. Feeling against the negroes is bitter and further trouble is feared.

A COAL TALK

It is about time to think of spending your summer savings for your winter comfort. I am very anxious to figure with you and help you to not only save some money, but get the best Coals for your furnace, hard coal burner, cook stove or heating stove. My past experience and satisfied customers leaves me to believe I can do both and also make a small profit from each one I serve. Remember I am exclusively in the Coal business, handling the best grades of Coal, all kinds, and I want your trade. Yours truly,

F. G. SHOEMAKER, Sr.

FOR IMPROVEMENTS

HANAMO TELEPHONE CO. TO
MAKE A NUMBER OF THEM.

UNDERGROUND SYSTEM

Underground Conduit to Be Constructed in the Fire Districts of City by That Telephone Co.

In order to take care of their increasing business, which has outgrown their outside construction in certain parts of the city, the Hanamo Telephone company finds it necessary to construct new leads to replace the present ones, and they state they are going to follow out the policy planned some two years ago, when they laid their first conduits north from their office. This policy was to eventually enclose all of their cables in conduits underneath the ground within the fire limits, which is the best known method of telephone construction, preventing the crippling of their system by fires, wind and sleet storms, lightning, electric light wires, etc., all of which are very disastrous to the aerial construction.

Among the improvements to be made this year, will be the construction of an underground conduit system from their office down the alley to the south side of First street, which, together with the underground conduits already installed, will protect all of their largest and heaviest cables or main trunk leads into their office, and will furnish the Hanamo Telephone company with much stronger fortification against storms, etc., than any other telephone system in our city.

They are also to build an entirely new cable lead from their office west to the old Seminary building, thus dispensing with their old and unsightly wires in that direction.

In addition to this construction in town, they will build a new toll line east to Bedison, Conception and Clyde, which will increase their capacity for handling business to points east, and they will spend several hundred dollars for central office equipment.

The materials for the above improvements are now arriving, the second car load of poles being received last week. The conduits are expected next week, and the cable will arrive by the time the conduits are completed.

In making these improvements this company has evidently taken public welfare into consideration, as well as their own, since underground construction better protects the subscribers, increases the beauty of our city streets, and affords more space for traffic in our narrow alleys by avoiding the use of unsightly poles in the business district. Very few companies install their wires underground unless compelled to do so by the city.

CHOSEN AS DOMESTIC SCIENCE TEACHER

WEATHER STATISTICS FOR MONTH OF AUGUST

The rainfall for the four months of the crop season, May, June, July and August, was 10.07 inches, as against 12.08 inches in 1910. These four months were the driest since the record of the weather has been kept here, with the exception of 1884, when the rainfall for these months was only 6.78 inches. In 1910, for these four months the rainfall was 12.08; in 1909 it was 24.30, and in 1908 it was 31.20, the wettest year since the record has been kept in Maryville.

The precipitation for the month just past was 2.86, July 3.37, June 1.03, and May 2.81. The warmest day in August was on August 16, when it reached a temperature of 101, and the coolest day was on August 29, when it was 49.

Saturday night a nice rain fell in Maryville, and according to Weather Observer Brink the precipitation was .42 on an inch.

ONLY SERVICE FOR FIVE HOURS DURING DAY

The water service was shut off Saturday night and only partial service has been given since that time. Manager Roseberry announced Monday morning that the service would be on in the day time from 7 to 9 o'clock in the morning, from 11 to 12 o'clock at noon, and in the evening from 5 to 7 o'clock. Unless rain is had soon the city will be out of the twenty-four hour service, according to Mr. Roseberry.

Enough water is on hand at present for fire protection.

The reason for the water being shut off a greater part of the day is on account of the low condition of the river, since we have had no rains for some time. The supply now on hand is none too large for the safety of the city. The water company has several men working up the river to see if water can be secured to flow down the stream.

The second well which the water company started on last week was dug to a depth of twenty-three feet when they struck a rock, as they did in the first well. The quality of the water in the second well was much better and did not show the mineral qualities like the first one did.

RETURNED FROM IOWA STATE FAIR

Mrs. Core and her husband have been missionaries in India for a number of years. Rev. Dr. Core is president of the Methodist college at Lucknow, and Mrs. Core will sail from San Francisco soon for their home in India.

BACK FROM AN AUTO TRIP TO COLORADO

Mr. and Mrs. J. S. Carden and their nephew, Harry Morris, and Mr. and Mrs. Elmer Owens, living west of Maryville, returned Saturday from a six weeks' trip in the Carden car to Colorado. They traveled a distance of 2,174 miles and did not meet with an accident of any kind. The roads were in fine condition all the way, excepting three counties on the road leading to Norton, Kan., where a three inch rain had fallen. They were not interrupted by a rain or storm on their entire trip except at Norton. They visited Colorado Springs, Pueblo, and Denver, and are delighted with their trip.

AT BATTLE OF SHILOH

"TIP" CALLAWAY OF QUITMAN TOOK PART IN THAT BATTLE.

TELLS ABOUT BATTLE

To a St. Joseph Newspaper—Callaway Well Known in Western Part of the County.

The following was in Monday's St. Joseph Gazette about "Tip" Callaway of Quitman, this county, who is well known in the western part of the county:

Although both had fought in the northern army at the battle of Shiloh, one of the most desperate of the civil war, nearly half a century ago, Irving G. McMinder, of 2517 North Fourth street, and Albert L. Callaway of Quitman, Mo., had not seen each other until they met here Friday.

Mr. Callaway, known widely as "Tip" Callaway, is the guest of Mr. and Mrs. L. C. Bowen of 403 Hamburg avenue. Mrs. Bowen is his daughter. Immediately north of the Bowen home is that of Ellis Swayze, where Mr. McMinder lives. Mrs. Swayze is his daughter.

The two veterans, Callaway, aged 71 years, and his comrade, aged 75, yesterday morning recounted some of the interesting sights and experiences of war times.

Callaway was a member of the Eighteenth Illinois infantry and McMinder was a member of the Twenty-fifth Missouri infantry and went to the war from St. Joseph.

At Shiloh both regiments saw desperate fighting. The battle took place April 6 and 7, 1862, and ten thousand men were left on the field.

"At the battle of Shiloh we saw piles of arms and legs as big as an ordinary haystack," said Callaway.

"Yes, I remember seeing the doctors pile up the arms and legs when they cut them off," said his comrade. "I saw a pile as big as a haystack."

Both the veterans bear marks of the war. Callaway still has powder burns in his face, caused by the explosion of a shell which destroyed his ear drum and his hearing for some time. For forty-one years McMinder carried an ounce ball in his left shoulder. It worked up toward his neck and he exhibited the scar where it was cut out a few years since.

Following Shiloh both veterans were at Vicksburg and took part in a number of battles. Callaway continued in the south for the remainder of the war. He had many thrilling experiences and fought around Mobile and other places and once was all but shipwrecked, it being necessary to throw 125 horses and mules overboard to save the ship. He was sent to Brownsville and was there mustered out April 6, 1866, being one of the very last men to leave the army. McMinder returned to St. Joseph, helped organize a company at Savannah and again started for the south. There were about 800 soldiers who got as far as Lexington in boats on the Missouri river.

"A lot of Johnnies captured us there after we had lost about 100 men," he said. "They took away our hats and shoes and ammunition and our supplies and turned us loose. They burned the boats, and they did give up a barrel of flour and the boys each got a handful, wet it in the Missouri river, put it on a stick and baked it in a fire. I have seen the time, when I had the money, that I would gladly have given \$5 for an ear of corn."

"Yes, and I've seen the time and so have you," said his comrade, "when we would gladly have given \$1,000 for a bale of hay to roll before us in battle."

Returned from Colorado.

Mrs. Hosea Torrance and granddaughter, Miss Mary Wooldridge, returned Saturday from a summer's visit at Hugo, Col., with the latter's father, Edward Wooldridge, and brother, Donald Wooldridge.

Returned from Wyoming.

Mrs. B. C. Halley and daughter, Miss Lois Halley, returned Monday noon from a three weeks' visit at Sheridan, Wyo., with Mrs. Halley's son and his wife, Mr. and Mrs. Gilbert Halley.

Mrs. W. W. Stiwalt and little daughters went to St. Joseph Monday to visit her sister, Mrs. E. F. Saxton.

Miss Maggie Chilton returned to her home in St. Joseph Saturday from a two months' visit in Stanberry with her grandmother. She stopped in Maryville for a brief visit with her aunt, Mrs. J. B. Robinson.

TO OPEN WEDNESDAY

THE FALL TERM OF THE STATE NORMAL SCHOOL.

A LARGE ENROLLMENT

Is Expected by President Taylor and Everything is Ready for the Opening of the Term.

The opening of the fall session of the Normal this next Wednesday will be vastly different from that of a year ago. It will be remembered that last September the Normal building was still uncompleted, and for several weeks school was carried on under the difficulties made by lack of room. And then when the time came to move it rained, and the mud grew deep, and there was no walk to walk upon. Then for weeks after moving work kept on, and there was noise and dirt and piles of boxes, steel and lumber in the halls, around which the students had to pick their way in order to reach their class rooms.

Now everything is different. The building is all ready for its occupants and the only work which is being done to put it in final spick and span condition is the sweeping, mopping and dusting. All of the faculty members who went away on vacations have returned, and all are ready for the year's work to begin.

Prof. John A. Lesh, from the state normal school at Indiana, Pa., will be the only addition to the faculty this fall. He has the departments of history and geography, and is exceptionally well prepared to handle his subjects. He is a Harvard and Columbia university man, having taken a special history course in Harvard, and is now working for his Ph. D. degree in Columbia.

With this addition and those made at the beginning of the summer term, the faculty is now enlarged so that each department has its own head, especially fitted for the work.

All of this, together with much new equipment, puts the school in a better condition than it has ever been.

The principal new feature of this year's work will be the common school certificate course, which has never been offered before. Graduates of country and grade schools may enter this department and in six quarters receive a certificate granting them a license to teach two years in the schools of the state. At least two quarters must be residence work, and no one under 18 years of age will be granted a certificate.

The Normal boarding house, the Maplehurst, will be taken over and run by Mrs. Winnie Woodard this year, and it will be open for boarders Wednesday, September 6. The students are already beginning to come in and this year promises to be a record breaking one.

Returned from Topeka.

Little Miss Nona Willets returned Monday from Topeka, Kan., where she spent the summer with relatives and visited a week in St. Joseph. She makes her home with her grandparents, Mr. and Mrs. Thomas Martin, at 408 West Fifth street, and attends the Normal Training school.

POLITICAL NOTES.

(By Democratic Publicity Bureau.)
In a well written editorial the Republic calls attention to the fact that the so-called "State Highway" is merely a fiction of Governor Hadley's and the state board of agriculture. Nobody has any authority to locate a "state highway," and there is no money to build it. There is nothing to it but the name and even that is a bastard.

All grades of sugar advanced 10 cents per 100 pounds on the adjournment of congress. A year ago you could buy twenty pounds of granulated sugar for \$1.00. Now fifteen or sixteen is all you get for your "cart-wheel," and the price still going up. The presidential veto is a great booster of trust manufactured products protected by an infamous tariff.

Senator Brislaw of Kansas says that he is not for the renomination of Taft. Among other reasons appears this one: "The president's language in vetoing the resolution admitting Arizona and New Mexico into the Union under the constitutions they had formed clearly indicates that he and I differ very widely as to our views of the American people as a whole. I do not believe that they constitute an irresponsible mob that cannot be trusted with political power. It would be a mighty good thing if a number of federal judges could be recalled."

But all the same the federal office holders will see to it that Taft is the nominee of the party of the trusts.

Replying to the president's charge that the Democrats in congress "played politics," Champ Clark says: "The only politics we played was to keep faith with the people and redeem our election promises." It is really unfortunate that President Taft and the standpat Republican congress did not see fit to "play" the same kind of "politics" two years ago—Kansas City Times (Rep.).

There is nothing doing yet in regard to the appointment of the four commissioners who are to build the state capitol, Judge Cowgill only returning home this week. So far as known only one of the members of the board of permanent seat of government has indicated a choice as yet—Governor H. S. Hadley is said to favor Henry Kiel of St. Louis as one of the commissioners.

Mrs. F. I. Dunn went to Bolekow Saturday morning to spend a few days at her home.

Charles Hyslop returned Saturday morning from a week's visit at Carthage, Ill., with Mrs. Hyslop and her aged mother.

CROP OUTLOOK IS MUCH BRIGHTER

The following crop report was issued today from the office of T. C. Wilson, secretary of the Missouri state board of agriculture at Columbia:

Rainfall throughout almost the entire state has greatly improved conditions since the last monthly report, so that most crop correspondents speak hopefully of the outlook, such expressions as: "Wonderful improvement," "A real resurrection," "Almost a miracle," and "A far rosier outlook" are not uncommon. As one report will express it, "Missouri has shown that she can come back."

However, conditions are not all that might be wished for. A few counties, especially in the central section, are in need of more rain, while excessive rains and consequent floods have occasioned considerable loss in several counties in the southeast and southwest sections. Marked extremes in temperatures were recorded in the month, ranging from more than 100 degrees August 9 and 40 to 50 degrees August 29 and 30.

Corn—Condition of corn for the state is placed at 71, a gain of 9.8 points for August. One year ago it was 82, and ten years ago (1901) only 27. Quality of corn will be below average. There is considerable complaint of wormy corn, and with early frosts much will fall to mature. It is estimated that 54 per cent of the crop will be cut.

Wheat—Average to be seeded to wheat is estimated at 1964 per cent as compared with 1,881,000 acres seeded in the fall of 1910. Should sufficient rainfall follow at once in those counties where much plowing has been suspended on account of ground being too hard to break, the final report may show a further increase in acreage. It is estimated that 66 per cent of the wheat land has been plowed.

His Daughter Better.

Harry Culbertson of Arkoe spent Saturday and Sunday in Maryville with his wife and little daughter, Helen, who are at the home of Mrs. Culbertson's uncle, Thomas Hutchison, on West Twelfth street. The little girl was brought to Maryville for medical treatment Friday morning, on the advice of her physician, Dr. K. C. Cummings. She has been sick for some time, but is improving nicely now. Mr. Culbertson returned home Monday. He has charge of the Stundon place this year and says the crop prospects for that community are excellent.

Mr. and Mrs. W. A. Mound left Monday for Winterset, Ia., to visit friends and relatives.

Mrs. Charles Gittings of Clyde was shopping in Maryville Monday.

OPPORTUNITY.

Master of human destinies am I;
Fame, love and fortune on my foot-steps wait;
Cities and fields I walk; I penetrate
Deserts and seas remote, and passing by
Hovel and mart and palace, soon or late
I knock unbidden once at every gate.
If sleeping, wake; if feasting, rise
before I turn away—
It is the hour of fate,
And they who follow me reach every state
Mortals desire, and conquer every foe
Save death; but those who doubt or hesitate,
Condemned to failure, penury and woe,
Seek me in vain and uselessly implore.
I answer not and I return no more.
—Ingalls.

Necessity.

Necessity is cruel, but it is the only test of inward strength. Every fool can live according to his own likings.

SAGE TEA WILL DARKEN THE HAIR

Restore Faded and Gray Hair to Natural Color—Dandruff Quickly Removed.

There is nothing new about the idea of using sage for restoring the color of the hair. Our great-grandmothers kept their locks soft, dark and glossy by using a "sage tea." Whenever their hair fell out or took on a dull, faded or streaked appearance they made a brew of sage leaves and applied it to their hair, with wonderfully beneficial effect.

Nowadays we don't have to resort to old-time, tiresome methods of gathering the herbs and making the tea. This is done by skillful chemists better than we could do it ourselves, and all we have to do is to call for the ready-made product, Wyeth's Sage and Sulphur Hair Remedy, containing sage in the proper strength, with the addition of sulphur, another old-time scalp remedy.

The manufacturers of this remedy authorize druggists to sell it under guarantee that the money will be refunded if it fails to do exactly as represented.

Don't neglect your hair. Get a bottle of Wyeth's Sage and Sulphur today, and notice the difference after a few days' use.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists. Special agents, Koch Pharmacy.

CURED TO STAY CURED.

How a Maryville Citizen Found Complete Freedom From Kidney Troubles.

If you suffer from backache—From urinary disorders—From any disease of the kidneys, Be cured to stay cured. Doan's Kidney Pills make lasting cures.

Maryville people testify.

Here's one case of it:

I. M. Woods, East Jenkins street Maryville, Mo., says: "For some time kidney trouble had been lurking in my system, and although it did not bother me to any extent, I could see that the attacks were becoming more frequent and severe. Finally my kidneys became so badly disordered that I was obliged to seek relief. The kidney secretions were unusual and so irregular in passage as to annoy me greatly. I also had a pain in my back as could hardly stoop. Dizzy spells and headaches were common, and I was in a miserable condition when I learned of Doan's Kidney Pills. I began the use, and after I had taken the contents of three boxes I was free from kidney trouble."—(Statement given 1901.)

Time is the Test.

On September 19, 1908, Mr. Woods added to the above: "The cure Doan's Kidney Pills effected in my case several years ago has been permanent. I am glad to again recommend this splendid remedy."

Mrs. Lillie Prince of Savannah was the guest of Mrs. J. D. Vert of North Market street Saturday afternoon.

Concerning Prejudice.

There are three popular beliefs which rise like mountain chains across the trail of progress. The first and most rock-ribbed is the belief that things are sacred because they are old, or, conversely, that things are dangerous because they are new.

The second is the belief that the "submerged tenth" wants to be submerged; that it enjoys dark rooms and revels in filthy alleys; that it gloats over insanitary plumbing and thrives upon malnutrition.

The third, no less preposterous, is the belief that the "submerged tenth" is submerged because it is degenerate; that the very fact of remaining submerged is proof conclusive of innate incapacity for improvement.—Scott Nearing in Everybody's.

The Lost Track.

ADVISORY BOARD

MEETING CALLED

Action Looking Toward Strike of Shopmen Deferred Till Friday.

San Francisco, Sept. 4.—All action toward the calling of a strike of the shop employees of the Harriman lines as a result of the refusal of the railroads to recognize the federation of shop employees has been deferred until next Friday, and the representatives of the shop crafts who were present at the conference with Vice President Kruttschnitt of the Harriman lines express the hope that a strike will be averted.

A meeting of the advisory board of the Federated Shop Employees of the Harriman lines has been called to convene in San Francisco next Friday. The board comprises thirty-five members, representing the shop employees of all the important lines of the Harriman roads.

Until the arrival of the members of this board the international presidents of the five shop crafts who are now in San Francisco will take no official action. They attended Labor day celebrations throughout the state and will not return here until Friday.

No Answer to Letters.

Chicago, Sept. 4.—Letters sent by representatives of the unions composing the federated shop employees to President Markham of the Illinois Central railroad, seeking another conference tomorrow, were not answered by the railroad officer. The letters set forth that an answer is desired by tomorrow morning. The union men say they have complied with the technicality requiring thirty days' notice to cancel existing contracts with the road. They maintain that should President Markham ignore their request for another conference they would not consider themselves bound to wait until the end of September to take whatever action may be decided on.

REGISTRATION IS ORDERLY

Total of 21,000 Names Listed for Drawings Sept. 6.

Minot, N. D., Sept. 4.—What is declared by Judge James H. Whitten, in charge for the government, to be one of the most orderly registrations ever conducted by the United States government, closed at midnight, when it was announced that no more applications for homesteads in the Berthold Indian reservation would be received.

The total registration is approximately 21,000, of whom 12,600 registered at Minot, the government headquarters. Judge Whitten announced that 6,000 names would be drawn on Sept. 6. The drawing will continue three days.

Former Senator Mills Dead.

Coriscana, Tex., Sept. 4.—Former United States Senator Roger Q. Mills of Texas died at his home here. Senator Mills was born in Todd county, Kentucky, seventy-nine years ago. His congressional career began in 1872 as representative at large from Texas. He was elected United States senator in 1892, serving until 1899, when he resigned.

Aged Man Foils Burglars.

Springfield, Ill., Sept. 4.—Woods Stevens, eighty years old, frustrated an attempt to blow the safe in the postoffice at Edinburg. In a hail of bullets from the weapons of two burglars, he rushed into the place and extinguished a fuse connected with a powder charge under the safe. Two suspects later were jailed at Taylorville.

Read What King Solomon the Wise Said

THEN READ WHAT BERNEY HARRIS SAYS, HE WANTS TO PUT YOU WISE

These Are Four Things Too Wonderful For Me

1st. The way of an Eagle in the Air.

2nd. The way of a Serpent upon a Rock.

3rd. The way of a Ship in the midst of a Sea.

4th. The way of a Man with a Maid.

Now Berney Harris, Maryville's Leading Clothier, says that were King Solomon living today he would add to his wonders

5th. The way some counties can be humbugged by the "Professional Fake Sales Managers" that drops into town from "Chicago, New York or other large city to put on Special Sale for some local merchant, enabling the merchant to unload his hard or damaged stock on the sucker that bites and adding to the price ten per cent commission which he secures for conducting such sales, also the additional clerk hire and advertising costs—The merchant can't afford in addition to his regular running expenses to pay the additional ten to fifteen per cent—hence it is added to the price and the buyer foots the bill, but he does not realize it until he gets it home.

Right now Berney Harris warns the people of Maryville and Nodaway County that a "fake sale" giving "fake reasons" and "fake values" is about to be drawn off in Maryville. So as you won't get fooled recollect, a fakir never uses the same name, nor gives the same reasons, in in the same town twice, but it is always the "Same Old Wolf masquerading in Sheep's Clothes" to fleece you out of your money.

Sometimes they head their newspaper ads or their street dodgers with such sensational headings as

"Forced to the wall." "Creditors clamoring for their money." "Partner retiring, must raise money to pay him out." "Firm has changed hands, new partner must reduce stock to pay off old firm." or "Closed to inventory to mark down prices," or some other fake headlines. As a rule they like to use a local merchant's name, but if he objects they conduct the sale under some other person or company's name.

These professional Sales Managers and the merchants who hire them believe that a "Sucker is born every minute."

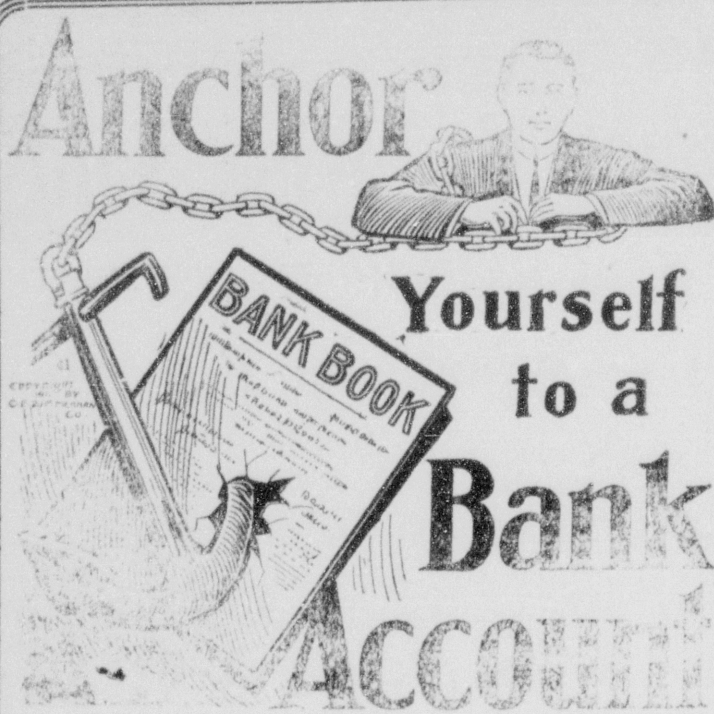

Berney Harris believes that such fake sales are an insult to the intelligence of the people of Nodaway county, and not only are the Managers and Merchants conducting them but every man who accepts temporary employment during such sales is "tainted" by the pay he receives for helping to humbug his friends or neighbors.

The people of Maryville generally get wise after the first day, but those living in the adjoining towns or rural districts don't catch on to the fake values until the last day of the sale. "Forewarned ought to make you Forearmed".

In the meantime should you want to buy your New Fall Overcoat, Suits, Hats, Shirts, Underwear, Hosiery or Shoes, my entire Fall Stock has arrived and never before have I shown a more complete assortment of New and "Nifty Styles" as I now offer you—and priced as low as good merchandise can be.

GENERAL REYES STONED BY MOB

Aged Mexican Statesman Made Sport of by Jeering Crowd.

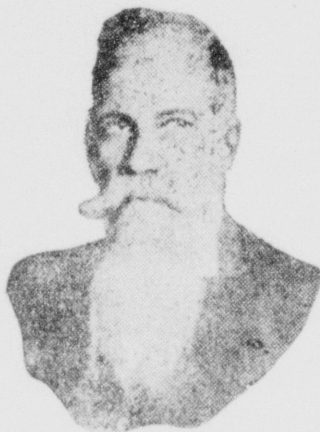

ENDEAVORS TO MAKE ADDRESS

Rocks Showered Upon Him While Standing in Balcony in Heart of Capital of Country—Many Reach Mark and He is Forced to Escape.

Mexico City, Sept. 4.—Stoned and forcibly robbed of 3,000 pesos by a mob of Maderistas in the principal thoroughfare of the capital, General Bernardo Reyes, candidate for the presidency in opposition to Francisco I. Madero, was forced to abandon an effort to address his constituents and to run the gauntlet of a jeering crowd, upon whom the police had received orders not to fire except as a last resort.

Repeatedly the police charged the turbulent element, however, and the records of the Red Cross account for forty-three wounded as a result of the day's disorders. Most of these were injured by stones, but many show bruises and gashes made by the sabers of the mounted police.

The stoning of the aged general was the climax of a riot that began about 9 a. m. Since its beginning police and soldiers have patrolled the streets, but because of the government's desire not to use the iron hand, the heavily armed horsemen had but an intimidatory effect upon the rabble.

GENERAL BERNARDO REYES.

Placing their faith in the word of the government that equal guarantees would be given all parties in the campaign and trusting Madero's word that he would welcome honest opposition the backers of Reyes called an open air meeting. It was announced General Reyes would make his initial speech of the campaign. Groups of Maderistas formed in various parts of the city and threats to interfere with the meeting were heard. The partisans of Reyes began gathering and the two elements clashed near the western end of the Alameda. Near the turbulent scene, Reyes, his son, Rodolfo, and a group of party leaders drove in an automobile. Far outnumbering his supporters, the Maderistas crowded about his machine, making difficult further progress. Stepping from his car, the general rebuked the mob for its conduct, but his words provoked louder jeers, supplemented by a rain of stones and other missiles. The automobile was abandoned and the occupants walked the length of the Alameda to the center of the disturbance, the rowdies following and throwing stones. Mounted police rode their horses into the center of the mob, which gave way before them.

Entering a building facing the theater, Reyes and his escorts went to the second story, from where Reyes stepped onto a balcony with the intention of addressing the crowd.

Such was the disorder, however, that Reyes' escort attempted to dissuade him from making the effort. The old man would not be deterred and raised his hand for silence. Instead the mob grew and chunks of marble and rocks, gathered from the ground about the new theater, were hurled at the white-haired figure. A number reached their mark and yet Reyes stood, despite the efforts of his son to induce him to seek shelter. For twenty minutes he remained there, dodging missiles. The police drew their sabers and charged the crowd.

GOVERNOR DENEEN INJURED

Seeing Auto Was Going to Strike Carriage He Tried to Prevent It.

Springfield, Ill., Sept. 4.—In an attempt to prevent a collision between his automobile and a two-seated conveyance near Glenarm, Governor C. S. Deneen was seriously injured when he fell, breaking both bones of his left ankle. The governor, seeing that a collision was unavoidable, sprang on the running board of the machine in which he was riding to grasp the bridle of the horses. He fell with his left leg doubled under him. He was hurried to the city and is confined to his room in the executive mansion. His doctors say the governor will be unable to leave the room for six weeks.

St. Louis Man Kills Self.

New York, Sept. 4.—D. E. Garrison, of St. Louis, vice president of the Corrugated Bar company of that city, committed suicide at the Waldorf Astoria by shooting himself through the head. His health is said to have been the cause.

TWO AVIATORS DIE IN FLIGHTS

Lieutenant de Gailly Burns to Death in Midair.

ANOTHER FRENCHMAN KILLED.

Captain de Camine Falls With Broken Aeroplane—Fuel Tank Blows Up When Military Aviator Is Making Flight Near Troyes, France.

Paris, Sept. 4.—Two of the leading aviators of the French army were killed while making long distance flights. They are Lieutenant Jacques de Gailly and Captain de Camine. They, with six other army aviators, had left Buc in aeroplanes for the maneuvers of the Seventh army corps near Chalons-sur-Marne.

The death of Gailly was a terrible example of the irony of fate. He long has been doing service in the development of the army aeroplane and received his reward by being mentioned in the Official Gazette for distinguished services and assigned to special duty.

Gailly was burned to death while in midair. His machine caught fire while he was high in the air. It fell rapidly and landed near Troyes. When the first persons arrived at the wreck of the machine they found the body of Gailly, burned almost beyond recognition, seated behind the steering gear. The disaster probably was caused by the explosion of the fuel tank, the burning fluid being scattered all over the machine.

The death of Captain de Camine was caused by the breaking of his aeroplane. The accident occurred while De Camine was flying at a height of 600 feet. The right wing of the aeroplane became detached and the machine, weighing 1,200 pounds, plunged downward and landed in a ditch. The aviator struck the ground with his head, which was crushed in. He was killed instantly.

TWELVE HURT IN WRECK

Switch Accidentally Turned Derails Two Cars at Kersey, Colo.

Omaha, Sept. 4.—Two rear cars on Union Pacific train No. 14 were derailed at Kersey, Colo., when a mail clerk accidentally threw a switch by striking a switch arm with a mail sack, and as a result twelve persons were badly shaken up or seriously bruised. Miss Ruth Wallace of Council Bluffs, Ia., was the most painfully injured of any, she receiving a fractured wrist when thrown from her chair.

The train had just pulled into Kersey and one of the mail clerks was throwing off the mail. As he threw the last sack, it in some manner struck the switch, leaving half the train on one track and half headed in another direction. As the train started up the last two cars were derailed, and nearly everyone in the cars received hurts, most of which were minor ones.

FARMERS MUST ORGANIZE

Governor Wilson Says Rural Americans Are Not Helping Themselves.

New York, Sept. 4.—The American farmer is not helping himself as much as he might and as much as the farmers of many other countries are helping themselves, according to the opinion voiced by Governor Woodrow Wilson of New Jersey in a speech delivered at the Staten Island county fair.

Governor Wilson suggested as a remedy a closer cooperation among American farmers, using the country church as a medium for bringing this about. He added:

"Now the moment the farmers of a community begin to draw together they will form associations to study the methods of production, and form a kind of association by which they can all unite in discovering the best markets for their products. The problem of all life is to get everybody voluntarily to act in the common interest."

HIGH LIFE IN MINNEAPOLIS

Police Find Palatial Gambling House Patrolled Exclusively by Women.

Minneapolis, Sept. 4.—A palatial gambling house, patronized exclusively by women in the higher walks of life and operated by a woman, has been in operation in Minneapolis for weeks. The police say the rooms contain two dozen tables. The place was handsomely furnished and luncheon was served. It was in Nicollet avenue, the chief commercial street of the city. Every afternoon a string of automobiles lined up in front.

Following complaints of husbands that their wives were losing money there, the woman operator of the establishment was summoned to police headquarters. She was allowed her freedom on her promise to suspend operations.

Farmer Killed in Race Riot.

Durant, Okla., Sept. 4.—Ivorace Gribble, a white farmer, was killed in a battle between five white men and five negroes near Caddo. The white men declare they were fired upon while passing the home of a negro named Daniels, while the negroes say the white men threw a stick of dynamite at the house and then commenced firing. Feeling against the negroes is bitter and further trouble is feared.

TRUSTEE'S SALE.

Whereas, Eve Catherine Kim and Joseph Kim, her husband, by a certain deed of trust, dated the 10th day of June, 1901, and recorded in the recorder's office of Nodaway county at deed book 78, page 455, conveyed to the undersigned all their right, title, interest and estate, in and to the following described real estate, situated in the county of Nodaway, state of Missouri, viz: Lots number three (3) and four (4), in block thirty-three (33), Charles' second addition to Maryville, Mo., which said conveyance was made in trust to secure the payment of a certain promissory note in said deed described, and whereas, said note has become due and unpaid, now therefore, in accordance with the provisions of said deed of trust, and at the request of the legal holder of said note, I will proceed to sell the above described real estate at the west front door of the court house in the city of Maryville, in the county of Nodaway, state aforesaid, to the highest bidder, for cash, at public auction, on Tuesday, the 5th day of September, 1911, between the hours of nine in the forenoon and five in the afternoon of that day, to satisfy said note, together with the cost and expenses of executing this trust.

WILLIAM R. TILSON,

Sheriff of Nodaway County, Mo.

Dated this 14th day of August, 1911.

When a public speaker says, "And now just one word more," we settle back for a snooze.

A COAL TALK

It is about time to think of spending your summer savings for your winter comfort. I am very anxious to figure with you and help you to not only save some money, but get the best Coals for your furnace, hard coal burner, cook stove or heating stove. My past experience and satisfied customers leaves me to believe I can do both and also make a small profit from each one I serve. Remember I am exclusively in the Coal business, handling the best grades of Coal, all kinds, and I want your trade. Yours truly,
